Levelzi

WHICH ROLE FIRST

Which role first? A simple order for a small team

Swipe →

FIRST

The role that gives you hours back right away.

For many owners that’s an executive or admin assistant.

SECOND

The role that protects revenue.

Intake, sales support or bookkeeping, depending on where money leaks.

THIRD

The role that grows revenue.

Marketing, outreach or design.

FOURTH

Coordination.

Once three people are working, someone has to run the work.

BREAK THE ORDER

Change the order if your biggest problem is somewhere else.

Start where your hours are going.

ONE AT A TIME

Hire one role at a time.

Each engagement on Levelzi is billed on its own cycle, so adding or ending one never touches the others.

Describe your first role
